A MESSAGE FROM OUR MINISTER:

Today we celebrate our Harvest Festivals!

We give thanks for all that God gives us, especially the harvest of food.

It's easy to forget where our food comes from. The supermarket shelves are so full all year round that it is easy to forget the cycle of growth and harvest needed to provide the food we need.

We are fortunate that we live in an area surrounded by farms and producers and can see the seasonal nature of life all through the year.

God challenged the people of Israel to remember where their food came from by consciously giving some of their harvest back to Him, acknowledging their reliance on His provision. Not just symbolic left-overs, but the first-fruits. Not just 'wonky' veg, but the best. To be used for those in need.

God calls us to do the same today!

More than just tradition, this is a time to reflect and respond and act!

Join the celebration, then get into action!

God Bless,

Mark

PRAYER THEME: Recognise the amazing world we live in and commit to playing your part in its care.

PRAYER FOR THE WEEK:

Creator God, we thank You for this world and its fruitfulness.

We are sorry that our stewardship is not what it should be.

Saviour Christ, we thank You for Your Love poured out for all people.

We are sorry that our love is limited by culture, tradition, and self-interest.

Inspiring Spirit, we thank You for Your wisdom, imagination, and strength.

We are sorry that we do not accept Your help as we should.

God, forgive us, inspire us, and fill us with Your Love.

Love for all people.

Love for all creation.

Love for You, Creator, Saviour, Inspirer.

ECO SNIPPET:

There is an environmental cost of using Artificial Intelligence (AI). Every search we make is processed through energy intensive data centres that use huge amounts of water, electricity, land and raw materials. It uses less energy to go directly to the site that you are wanting rather than searching for it.
